(Required for CRS Memberships)

This is for **YOUR PHYSICIAN** to complete

Dear Doctor:

Your patient is interested in recreational, physical fitness activities at Adelphi University and we would like your opinion regarding the relative safety of his/her participation. Minimally supervised activities may include, but are not limited to strength training with resistance equipment, free-weights and the use of aerobic exercise modalities, such as treadmills, stationary bikes, steppers, elliptical trainers, etc. Group exercise classes, lap swimming and the use of an indoor track are also potential alternatives. Opportunities for professionally supervised exercise participation, including a fitness evaluation and individually tailored program and are also available. By completing this form, you are not assuming any responsibility for our exercise and assessment program.
